LITTLE DINOSAUR EXPLORERS!

30 Free Dinosaur Coloring Pages for Kids

Easy Printable PDF | Ages 4-8

Welcome, little explorers!

Meet 15 different dinosaur types in 30 original scenes. Look for horns, plates, crests, feathers, and long tails as you color.

Gather your supplies

- US Letter paper or white cardstock
- Crayons or colored pencils
- Washable markers and a table cover, if preferred

How to use this book

1. Choose and print

Print pages 3-32 on US Letter paper in portrait at 100% / Actual Size.

2. Meet your dinosaur

Say its name together. Use the identification guide on page 2.

3. Color your way

Start lightly, then layer colors. The example on page 33 is inspiration.

4. Look and compare

Find two dinosaurs with different head shapes, tails, or body coverings.

For grown-ups: these are simplified, imaginative scenes, not scale drawings or evidence of exact colors, social behavior, or prehistoric habitats.

Supervise art materials as needed. Encourage every child's own color choices.

Meet the dinosaurs

Look for these features. Then find each dinosaur in the coloring pages.

Tyrannosaurus rex

Two-fingered hands and a large head.

Color pages 3, 18

Triceratops

Three facial horns and a broad neck frill.

Color pages 4, 19

Stegosaurus

Upright back plates and a spiked tail.

Color pages 5, 20

Brachiosaurus

A long neck and high shoulders.

Color pages 6, 21

Apatosaurus

A thick neck and a sturdy body.

Color pages 7, 22

Diplodocus

A slender neck and very long tail.

Color pages 8, 23

Ankylosaurus

Bony armor and a club at the tail tip.

Color pages 9, 24

Parasaurolophus

A long crest curving back from its head.

Color pages 10, 25

Spinosaurus

A tall back sail and a narrow snout.

Color pages 11, 26

Velociraptor

Feathers and a raised curved foot claw.

Color pages 12, 27

Iguanodon

A beak and a large spike on each thumb.

Color pages 13, 28

Pachycephalosaurus

A rounded bony dome on its head.

Color pages 14, 29

Styracosaurus

A nose horn and long frill spikes.

Color pages 15, 30

Allosaurus

Three-fingered hands and ridges over its eyes.

Color pages 16, 31

Carnotaurus

Two brow horns and very tiny arms.

Color pages 17, 32

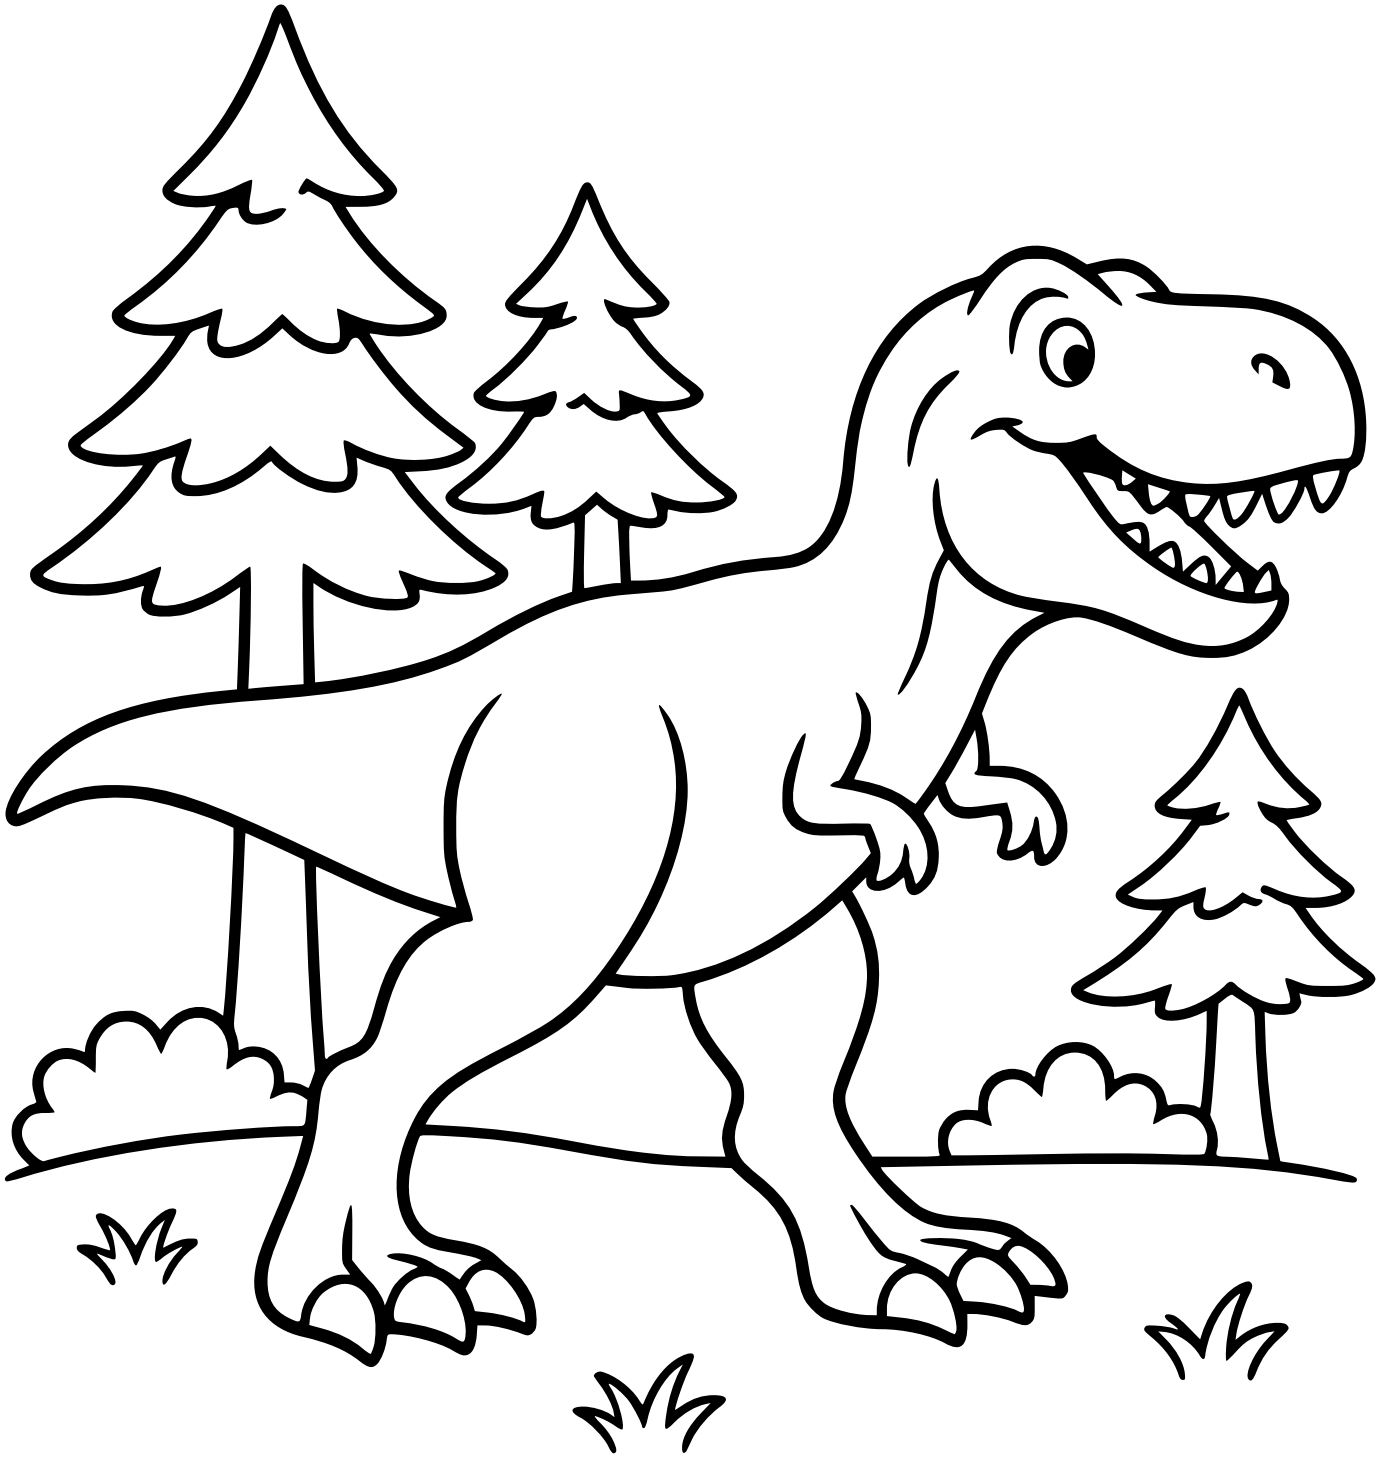

All are dinosaurs!

Pterosaurs and marine reptiles are different groups and are not included here.

Illustrations are simplified and are not to scale. Fossils do not reveal every color.
