HOW TO BUILD YOUR REINDEER PUPPET

5 Christmas characters | 5 color + 5 black-and-white templates

SUPPLIES

Lunch-size paper bag (about 5 x 10 in), printed templates, child-safe scissors, glue stick, and optional crayons or markers.

FIRST: TURN THE BAG THE RIGHT WAY

FOLDED BOTTOM FLAP AT THE TOP | OPEN BAG END AT THE BOTTOM

Face goes on the moving flap; body goes on the main panel below it.

1 PRINT & CHOOSE

Print pages 1-5 for color or 6-10 for coloring. Use US Letter paper at Actual Size / 100%.

2 COLOR & CUT

Color before cutting if needed. Cut OUTER dashed outlines. Some ears / antlers are separate; others join.

3 GLUE THE FACE

Attach the face to the front of the folded top flap ONLY. Keep the fold free so the mouth can move.

4 ADD THE BODY

Attach the body to the main bag panel directly BELOW the flap. Leave the open end unblocked.

5 FINISH EXTRAS

Glue separate ears or antlers behind the face, if supplied; add the scarf or bow. Nose is already on the face.

6 DRY & PLAY

Allow glue to dry flat. Slide a hand into the OPEN BOTTOM end and move the flap to make it talk.

IMPORTANT ASSEMBLY NOTES

Do NOT glue across the folded flap or seal the bottom bag opening.

Cut only the pieces shown on your chosen character template.

Adults should help with intricate antlers and small details.

THE FINISHED REINDEER PUPPETS

A cheerful Christmas classroom display

Classic **Red Nose** **Cozy Winter** **Christmas Scarf**

Funny Festive

Display puppets on a bulletin board or use them for holiday storytelling!

Photo-style preview is an illustrative mockup. Final paper colors and bag sizes may vary.
